Justice served to everyone.

One platform. Equal support. For every legal need.

About Us

Umbrella by OkayLegal.ai is India's dual-sided legal AI platform — built so that legal clarity is not reserved for those who can afford expensive counsel.

We help citizens understand their legal situation, research applicable law with real citations, and draft court-ready documents — in Hindi or English — before they ever step into a lawyer's chamber.

We help lawyers and law firms run their entire practice on one AI-native platform: matter management, legal research, document drafting, billing, and client intake — connected in one workspace.

Our belief: Legal support should protect everyone, not just a few. Justice shouldn't be complicated. It should be accessible.

What We Do — Three Pillars

DRAFT

- Citizens: Notices, petitions, bail applications, contracts — 394+ India court formats grounded in BNS, BNSS, and BSA 2023.
- Lawyers & students: AI-assisted drafting with jurisdiction-aware templates (including Gujarat-specific formats).

RESEARCH

- Citizens: Issue checker, section finder (IPC/BNS/BNSS), FIR analysis with cited authorities.
- Lawyers & students: Verified legal research with statute and case-law citations.

RESOLVE

- Citizens: Rights checker, risk analysis, and escalation to verified advocates when needed.
- Lawyers & students: Matter-aware AI Copilot, strategy memos, and client guidance.

Built for India — Relevant to Gujarat

- 394+ court draft formats — bail, writ petitions (Art. 226), consumer complaints, cheque bounce (NI Act 138), family petitions, and more.
- New criminal code ready — grounded in BNS, BNSS, and BSA 2023 (replacing IPC/CrPC).
- Gujarat-aware — Gujarat Rent Act notices, registration deed support, and state-level jurisdiction detection.
- Multilingual — Hindi and English today; designed for India's linguistic diversity.
- Free to start — students and citizens can explore issue checking and research at no cost.

Who We Serve

Individuals, solo advocates, law firms, in-house counsel, litigation teams, compliance officers, law students, and legal researchers — across district courts, high courts, and corporate legal departments.

Guest Talk + Moot Court Proposal

A. Guest Talk (Primary Ask)

Title: "Justice for Everyone: How AI Is Reshaping Law in Gujarat and India"

- Format: 45–60 minutes (30–40 min talk + 15–20 min Q&A)
- Speaker: Garima Jain, Umbrella by OkayLegal.ai
- Audience: LLB / BA LLB students, faculty, moot court society members

Talk outline

- 1. Opening — Why we built Umbrella (5 min)
- 2. Access to justice in India & Gujarat's role (8 min)
- 3. How AI transforms legal research, drafting & issue spotting — responsibly (12 min)
- 4. Live demo: India Drafts / citation-backed research (8 min)
- 5. What this means for law students in 2026+ (5 min)
- 6. Q&A (15–20 min)

What we need from Silver Oak

- Lecture hall / seminar room; mutually agreed date; optional faculty liaison

What we offer

- No cost · India-grounded practical content · optional free student access codes

B. Umbrella Moot Court Challenge (Follow-Up)

After the guest session, we propose co-hosting a one- or two-day moot court where students argue a contemporary problem at the intersection of technology, access to justice, and constitutional/civil rights — with Umbrella providing tools and prizes.

Structure

- Written memorials + oral rounds; teams of 2 speakers + 1 researcher
- Theme options: legal aid & technology; DPDP Act 2023; AI in judicial decision-making
- Rounds: Prelims → Quarters → Semis → Finals
- Judging: Faculty panel + practicing advocates (Umbrella can help invite Gujarat bar)

Umbrella sponsorship

- Platform access for research & drafting during the competition
- Prizes: Best Team, Best Speaker, Best Memorial
- Branding, social coverage, optional AI-assisted research workshop

From Silver Oak

- Venue · faculty / moot court coordinator · student registration · dates (4–6 weeks after talk)

Suggested timeline

- Week 1: Guest talk → Week 2: Planning → Week 3: Problem release → Week 4: Workshop → Week 5: Competition

Next step: Confirm a date for the guest talk. We would welcome a short call with Dr. M. Samir Gopalan (Dean, School of Law) or the moot court committee.
